Friday 3 <sup>rd</sup> May 2.45-3.15pm	Year 3 – Mr Birbeck

Dear Parents

At the ‘Term Ahead’ meeting the class teacher will discuss curriculum content, homework, class routines, how you can support your child’s learning etc. Please feel confident to discuss areas of the curriculum you would like further explained i.e. Teaching of spelling, calculation methods in maths etc.

Teachers are happy to arrange additional meetings on specific areas of the curriculum should there be demand to support you to support your child’s learning.

If there are specific issues in relation to individual children these should be discussed in after school consultation meetings with the class teacher to comply with school policy on confidentiality. Any concerns should be discussed at the earliest opportunity with the class teacher in line with school policy. Social media commentary is not helpful in such matters. The school continues to promote face to face communication as the most effective way to resolve concerns and provides the most valuable feedback to the school when reviewing policy.

Parents are kindly advised to make an appointment on a half termly basis to discuss the progress your child is making and your child’s overall well-being so that we can work together to support your child to achieve their ‘Personal Best’ at St Andrew’s. Please see Mrs Barton in the school office to make an appointment.

Thank you  
Mrs Berkeley
